

Nexora Study Center

Student Handbook (Sample Document)

1. About the Center

Nexora Study Center was founded in 2019 in Karachi by Dr. Samina Rauf. The center was started with a simple goal: to offer affordable and honest exam preparation to students who cannot afford expensive academies. Over the years it has grown from a single room into a full campus.

The center runs three programs. The Foundation Track is for students in grades 9 and 10. The Advanced Track is for students in grades 11 and 12. The University Prep program is for first-year university students who need extra help with core subjects such as mathematics, programming basics and academic writing.

To make sure every student gets personal attention, the class size is capped at 18 students. The campus has 12 classrooms and 2 computer labs, and the labs hold 40 computers in total. The center's motto is 'Learn slowly, remember forever', which reflects its belief that steady daily study works better than last-minute cramming.

All teachers at Nexora hold at least a bachelor's degree in the subject they teach, and every new teacher spends their first month observing senior teachers before taking a class alone.

2. Fees and Refunds

Monthly fees depend on the program. The Foundation Track costs Rs. 6,500 per month, the Advanced Track costs Rs. 8,200 per month, and the University Prep program costs Rs. 9,800 per month. In addition, every new student pays a one-time registration fee of Rs. 2,000 when joining.

Families with more than one child enrolled at the center receive a sibling discount of 10 percent on the monthly fee of each child. The discount applies automatically once the second child is registered.

Fees must be paid by the 10th day of each month. A late fee of Rs. 500 is added to any payment made after the 10th. The center accepts payments by bank transfer, Easypaisa and JazzCash. Cash payments are not accepted at the front desk.

A student who asks for a refund within 14 days of the first class receives a full refund, including the registration fee. After 14 days, only the unused portion of the monthly fee can be refunded, and the registration fee is never refunded. Refund requests must be made in writing to the front office.

3. Timings and Attendance

Regular classes run from Monday to Friday between 4:00 PM and 8:00 PM. On Saturdays the center holds revision sessions from 10:00 AM to 1:00 PM. The center is closed on Sundays and on public holidays announced by the government.

The library is open from Monday to Saturday, from 8:00 AM to 9:00 PM. Students can borrow up to 3 books at a time for a period of 7 days. A fine of Rs. 20 per day is charged for each book returned late.

Students are expected to arrive at least 10 minutes before their class begins. Late entry is not allowed after 15 minutes from the start of the class. Mobile phones must be switched off during lessons and may only be used in the corridor.

A minimum attendance of 75 percent is required for a student to be allowed to sit the monthly test. If a student is absent for three consecutive days without informing the office, the center will call the parents or guardians within 24 hours to check on the student.

4. Tests and Student Support

A monthly test is held on the last Saturday of every month. The pass mark for every test is 50 percent. A student who scores below 40 percent in two tests in a row is offered a free remedial class to help them catch up.

At the end of each month, the top scorer in each program is named Scholar of the Month. The winner receives a certificate and a book voucher worth Rs. 1,000, and their name is displayed on the notice board near the main entrance.

The counseling desk is run by Ms. Hira Anwar in Room 7. She is available on Tuesdays and Thursdays from 5:00 PM to 7:00 PM. Students can talk to her about study stress, subject choices or any problem at the center, and the conversations are kept private.

For general questions, parents can write to support@nexora-study.example. Lost items found on the campus are kept at the front desk for 30 days, after which they are donated to charity.
